

THE 3 PEAKS CHALLENGE

3 PEAKS CHALLENGE

24 HOUR CHALLENGE

The 3 Peaks Challenge is a serious test of strength, stamina and determination where we aim to climb the 3 highest peaks in Scotland, England and Wales, all in 24 hours.

Our challenge begins in Fort William, Scotland, where we start with an assault on Ben Nevis, the highest of the 3 peaks at 1344m, before transferring across country to Scafell Pike in the Lake District. Here we use the last of the day's light to guide us up to its summit at 978m. With weary legs and by torchlight, our final test of endurance and determination is to summit Mt. Snowdon, Wales at 1085m, and descend before clocking 24 hours. On completing the challenge we enjoy a well deserved celebration brunch with the rest of our team before returning back to London.

ABOUT ACTION CHALLENGE

OUR CREDO

As our name suggests, Action Challenge specialises in the creation of challenging, travel-based activities the world over. With over 160 itineraries in some of the most unexplored places on the globe, we are proud of the lengths we go to, to bring our clients experiences they would be unable to find anywhere else.

But beyond the places that we go to, what makes our trips truly unique is the way we encourage our groups to bond together as a team. As the saying goes, it's through adversity that people come together; and in addition to the natural camaraderie that comes with passing round the Compeed and the muscle rub, we actively involve people in the way the adventure unfolds. We believe that through great organisation and a good relationship with our clients, the more we are out of the limelight, the more members of the group get to shine.

We're also rather keen on our work-hard, play-hard ethic. Many of the people who come on our trips literally have a mountain to climb in terms of the scale of the challenge they are taking on. We believe that with effort should come reward, and make sure that all our participants get the opportunity to celebrate their accomplishments in a truly befitting style.

And finally, we know that there's something strange that happens to people when they are out on a mountain pass or cycling through some totally foreign environment. You can see their faces loosen and their bodies lighten as they look around and put life into perspective. It's seeing that transformation that gets us out of bed in the morning and it's why our motto is....

“of all the paths you choose in life, make sure some of them are dirt”.
