RATING & FITNESS

This is a easier to moderate challenge and requires a good level of fitness. The total distance trekked is approximately 100km.

WEATHER

The best months to go are October to February. It's still hot and humid, but the rains are minimal.

ACCOMMODATION

The hotel in Siem Reap is a good 4 star hotel. Accommodation on the trek will be tenting at local villages/pagodas. All accommodation is based on a twin/triple shared basis.

FOOD

We always try to have freshly prepared food that is nutritional, appropriate and ultimately tasty. Cambodian food is based on a southeast Asian style and usually exceeds peoples expectations. In the evenings in Siem Reap we eat at good restaurants unless during free time. Three meals are provided throughout the challenge days apart from during free time.
